education

Columbia College Chicago

- B.A. Interactive Arts & Media with a concentration in Graphic Design
- **Digital Bootcamp**
- Web Development course
- **Design Lab**
- Interaction Design course and Research & Strategy course

summary

Designer /artist skilled in print, front end web design and production / layout. I've created posters, postcards, direct mail, brochures, newsprint, flyers, annual reports, programs, logos, invitations, large format signage, bus shelters, event marketing, websites, email blasts, digital billboards, and web banners. I have a great eye for color, typography and layout design. I work quickly and accurately while managing multiple projects, meeting tight deadlines and adhering to brand consistency. My professional background also includes working in fine art and illustration by teaching the fundamentals of design and painting. I'm also interested in using my background for UI design.

skills

- **Excellent skills in** Adobe Photoshop, Illustrator, InDesign, Acrobat, Microsoft Office.
- **Knowledge of** Dreamweaver, After Effects, Final Cut Pro, PowerPoint, Flash, HTML, CSS, Sketch
